Quick App

Congratulations! Your virtual payment credit account has been approved with a credit limit of \$5,000.

Your virtual payment account will simplify your online purchases. Express Checkout will automatically provide the merchant with your shipping information, allowing you to pay for your purchases quickly. And our digital certificate technology will ensure the security of your virtual payment account.

For your convenience, a Prepay Virtual Payment account has been created for you. You can use your Prepay account for online purchases of any size. The charges from small transactions will accumulate in your Prepay account interest-free until the balance reaches \$5.00. The balance is then transferred to your Credit account.

Please customize your virtual payment account by adding special features.
